How did you come to know of The Lyceum? \_\_\_\_\_

---

---

On a separate piece of paper, please describe your child, being sure to comment on his/her strengths and weaknesses as you see them. In addition, please set forth your understanding of a classical Catholic education in general and The Lyceum's program of classical Catholic education in particular and why you think your child would benefit from such an education.

On a separate sheet of paper and without assistance, the applicant must submit a one-page essay describing his or her experience of school and attitude towards learning.

---

---

Because The Lyceum is unique in its educational approach, it is generally required that parents spend at the school before their children “shadow” for a day and before an application for admission will be considered.

In addition to this form the applicant must submit academic records. If your child has been home schooled, please describe the program, indicating the grade or course level being studied. We are particularly interested in mathematics and Latin courses for placement purposes.

What math level has the student completed? What text? What was the average score?

What Latin level has the student completed? What text? What was the average score?
